**ZOON** (+S or ZOA) [*n.* An animal that grows from a fertilized egg]  
**ZYGOMA** (+S or +TA)

# Hebrew Help (and Yiddish)

The names of the Hebrew letters, including their pluralized forms, are all legal words.

Two items of note. First of all, this list is alphabetized by English, not Hebrew. So the third letter in this list is not necessarily the third letter in the Hebrew alphabet.

Second, the many alternate English spellings of Hebrew sounds makes this alphabet list longer than the actual Hebrew alphabet of 22 letters.
